EXECUTIVE **Summary**

AFRIKENERGY INTERGRATED SERVICES LIMITED is a proudly Nigerian, multidisciplinary service company incorporated in 2025 to deliver cutting-edge, compliant, and sustainable solutions across the oil & gas, energy, engineering, ICT, logistics, and environmental sectors.

With a deep understanding of the African terrain and a strong commitment to international standards, we aim to bridge industrial gaps through innovative technology, local content development, and client-focused service delivery.

We operate with a mission to empower industries and communities alike—ensuring value creation, operational efficiency, and long-term progress.

Mr. Kenneth Iniovosa Sunday

CEO of Company

Vision, Mission & Core Values

■ Vision

To be a leading force in delivering innovative, reliable, and sustainable solutions across the oil & gas, engineering, logistics, and energy sectors in Africa—setting the benchmark for excellence, safety, and regulatory compliance.

■ Mission

Empowering industries by providing multidisciplinary services that combine cutting-edge technology, strategic procurement, and seamless logistics to deliver value and drive sustainable growth.

■ Core Values

- *Integrity – We act with honesty and transparency.*
- *Innovation – We embrace emerging technologies and creative solutions.*
- *Excellence – We commit to high-quality outcomes and industry best practices.*
- *Collaboration – We build strong partnerships for mutual growth.*
- *Sustainability – We prioritize eco-friendly and future-proof solutions.*
- *Customer-Centricity – We place our clients' needs at the center of every decision.*

Our Core Services

Oil & Gas Services

We deliver upstream and downstream support services that align with global oil & gas standards and Nigerian content directives. Our expertise covers:

- Facility maintenance & pipeline support
- Procurement and supply of oilfield equipment
- Manpower supply & project supervision
- Tank cleaning, construction, and calibration
- Flow station operations and well services

Engineering & Construction

We offer precision-engineered solutions that ensure compliance, efficiency, and sustainability. Our engineering services include:

- Civil, mechanical & electrical engineering
- Structural design and fabrication
- Construction and commissioning of industrial facilities
- Maintenance and rehabilitation works

ICT & Technology Integration

Leveraging innovation to improve infrastructure and business processes:

- Network and system installations
- Industrial automation and IoT solutions
- Technical support and IT infrastructure management
- Smart monitoring solutions for remote assets

Energy & Power Solutions

We provide reliable and scalable energy solutions for industrial and commercial use.

Our offerings include:

- Renewable energy (solar, hybrid systems)
- Electrical installation & substations
- Power backup & alternative energy sourcing
- Energy audits & optimization consulting

Environmental & Sustainability Consulting

We help organizations meet environmental standards and drive eco-efficiency:

- Environmental Impact Assessments (EIA)
- Waste management & remediation
- HSE audits & policy development
- ESG reporting & compliance consulting

Procurement & Logistics

We simplify supply chains and streamline delivery through trusted global networks:

- Strategic sourcing and procurement
- Marine logistics and haulage services
- Warehousing and inventory management
- Project logistics for oil & gas sectors

Certifications & Regulatory Compliance

We are fully licensed, compliant, and verified by relevant Nigerian and international agencies, including:

- Department of Petroleum Resources (DPR)
- Nigerian Upstream Petroleum Regulatory Commission (NUPRC)
- Nigeria Social Insurance Trust Fund (NSITF)
- Pension Commission (PENCOM)
- Industrial Training Fund (ITF)
- Group Life Assurance (GLA)
- Medical Retainership
- Tax Clearance Certificate
- Nigerian Midstream and Downstream Petroleum Regulatory Authority (NMDPRA)
- Data Universal Numbering System (DUNS)
- NOGIC JQS Certification
- VAT & TIN Compliance
- Bank Reference Letter
- Nigerian Content Equipment Certificate
- General Third Party Liability Insurance (GTPL)

**Nigerian Oil & Gas
Industry Content Joint
Qualification System**

Our Management Team

Kenneth Iniovosa

Managing Director / CEO

A visionary leader with a strong background in engineering, business strategy, and oil & gas operations, Kenneth brings over 12 years of hands-on industry experience. His strategic mindset, combined with a deep understanding of Nigeria's regulatory landscape, positions the company for long-term growth and leadership in the energy sector.

Ochuko Iboyi

Head of Operations

Ochuko is a result-oriented operations specialist with a keen eye for efficiency, risk management, and project delivery. He oversees end-to-end execution of projects, ensuring all services are delivered on time, within scope, and to the highest quality standards. His operational insight helps maintain ARIKENERGY's reputation for reliability and excellence.

Timi Kipasa

HSE & Compliance Manager

Timi is a certified HSE professional with extensive knowledge in regulatory compliance, safety protocols, and environmental sustainability. She leads ARIKENERGY's HSE strategy, ensuring strict adherence to safety standards and minimizing risk across all operations. Her dedication to a zero-incident culture underscores the company's strong safety-first approach.

Engr. Godwin Ubong

Engineering Lead

With a solid background in civil and mechanical engineering, Godwin brings technical depth and innovative thinking to every project. He supervises the planning, design, and implementation of engineering solutions tailored to client needs. His leadership ensures the delivery of structurally sound, efficient, and compliant infrastructures.

Millicent Avura

Procurement & Logistics Manager

Millicent brings deep industry knowledge and strategic sourcing experience to ARIKENERGY's supply chain and logistics operations. With a strong network of local and international suppliers, [he/she/they] ensures timely procurement, compliance, and cost-effective delivery across all projects.

Why Choose **AFRIKENERGY?**

We don't just deliver services; we deliver progress. AFRIKENERGY stands apart as a partner of choice because we combine:

- **Multidisciplinary expertise under one roof**
- **Deep industry knowledge + local regulatory mastery**
- **Fast, flexible, and compliant project execution**
- **Strong ethical foundation and transparent practices**
- **Technology-driven solutions tailored for Africa**
- **Commitment to long-term client value—not just transactions**

Health, Safety & Environment (HSE) Policy

At AFRIKENERGY, safety is a core responsibility. We are dedicated to maintaining a safe and secure environment for our team, partners, host communities, and the ecosystem at large.

Our HSE framework includes:

- Continuous training and awareness
- Use of certified PPE and safety technology
- Risk assessments and audits
- Emergency response preparedness
- Zero-harm commitment to people and the planet

Our Partners

Renaissance Africa Energy Company Limited

Energy Infrastructure and Midstream Asset Management Company

Our vendor status with Renaissance positions us to contribute to innovative and transformative energy infrastructure projects. We offer agile and technology-driven solutions that align with Renaissance's forward-thinking operations.

Seplat Energy Plc

Indigenous Oil & Gas Exploration and Production Company, Lagos

Being on Seplat's vendor list reflects our ability to meet high technical and regulatory standards. AFRIKENERGY supports Seplat's mission of local capacity development and energy transition through reliable contracting and service delivery.

Julius Berger Nigeria PLC

Engineering, Construction, and Infrastructure Development Company, Abuja

Our vendor status with Julius Berger signifies trust in our infrastructure support capabilities. We are well-positioned to contribute to construction, logistics, and maintenance activities in industrial-scale projects.

Oando PLC

Integrated Oil & Gas and Energy Solutions Provider, Lagos

As a listed contractor with Oando, AFRIKENERGY brings integrated solutions in logistics, petroleum products supply, and field support. Our registration affirms our focus on energy efficiency and sustainable operations.

Our Partners

Nigerian National Petroleum Corporation (NNPC Limited)

National Oil Corporation (Upstream, Midstream, Downstream Operations), Abuja

Partnering with NNPC underscores our national relevance and technical competence. As a registered contractor, AFRIKENERGY supports national energy goals through efficient procurement, engineering, and logistics services.

Addax Petroleum Development Nigeria Ltd

Upstream Oil & Gas Exploration and Production Company, Lagos

As a contractor with Addax, AFRIKENERGY brings scalable and compliant solutions tailored to marginal and mature field development. Our agility and experience are key to enabling operational continuity.

Shell Petroleum Development Company (SPDC)

International Oil & Gas Exploration and Production Company, Port Harcourt

Our customers trust us so much that they often come to us with problems beyond the scope of financial consultancy. Since they know that we have their best business interests at heart they want us to help them with such problems.

Nigeria LNG Limited (NLNG)

Gas Production, Processing and Export Company (Joint Venture), River State

Being registered with NLNG reflects our high compliance benchmarks and capability to deliver in high-stakes environments. AFRIKENERGY stands ready to support gas processing, logistics, and engineering initiatives.

Our Partners

ExxonMobil Nigeria (Mobil Producing Nigeria Unlimited)

International Oil & Gas Exploration and Production Company, Akwa Ibom

Our vendor registration with ExxonMobil attests to ARIKENERGY's capability to deliver under global HSE and procurement standards. We offer strategic support services across energy, logistics, and engineering domains.

WalterSmith Petroman Oil Limited

International Oil & Gas Exploration and Production Company, Akwa Ibom

ARIKENERGY's partnership with WalterSmith supports indigenous oil field development with reliable manpower, procurement, and technical services. We are aligned with local content development goals.

NipeX (Nigerian Petroleum Exchange)

Government e-Procurement Platform for Oil & Gas Industry, Lagos

ARIKENERGY's successful registration on NipeX positions us for transparent and competitive engagement in upstream procurement. We are equipped to meet tender requirements across multiple IOC platforms.

Dangote Cement Plc

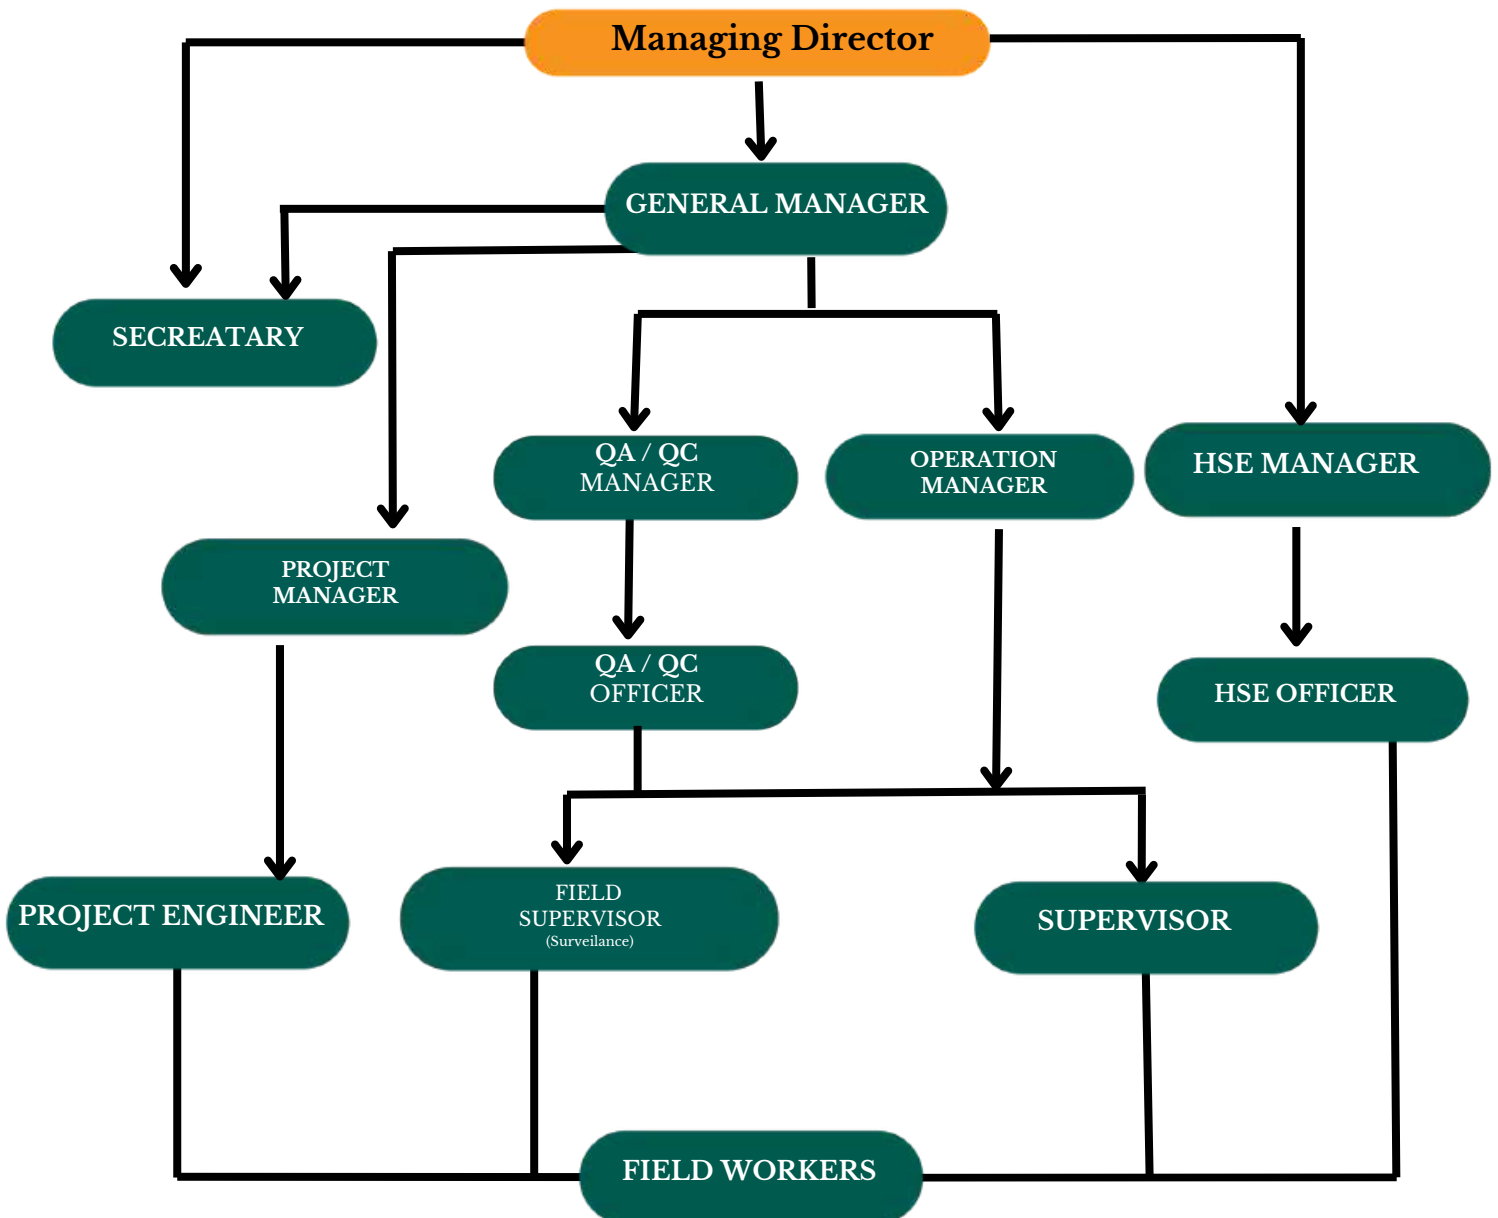

Africa's Leading Cement Manufacturing and Infrastructure Company, Lagos

Being registered with Dangote Cement enhances our visibility in Nigeria's largest industrial sector. ARIKENERGY is positioned to support civil, mechanical, and haulage operations with a focus on precision, cost-efficiency, and reliability.
